Shubhangi Sharma

Senior Product Designer · Bengaluru, India

Product Designer with 5+ years of experience scaling 0-to-1 platforms and enterprise ecosystems.

EXPERIENCE

Product Designer 2

Sep 2025 – Sep 2026

Dexity (formerly Interview Kickstart) · Remote, Bengaluru

- Streamlined a native mobile app for tools like a salary analyser, resume analyser and career roadmapping, improving cross-tool engagement through cohesive navigation.
- Built a component-based design system and AI workflows using Claude to generate landing page variations and speed up marketing and design handoff.
- Designed an AI Resume Analyser and Job Finder that supports real-time profile optimisation and generates ATS-compatible resumes for each job description.
- Owned 0-to-1 products, design system architecture and governance, and mentored junior designers.

Lead Product Designer (Freelance)

Apr 2025 – Sep 2025

Freelance · Noida

- Led 0-to-1 architecture for an LMS platform in career counselling, and hired, onboarded and mentored a two-person design team for long-term scalability.
- Redesigned the website user journey for a German network provider (Varietel.De).
- Consulted on design solutions for a stealth health-tech startup (Tap Health) for a short period.

Product Designer

Oct 2022 – Apr 2025

Visit Health · Noida

- Revamped and governed the mobile app, adding features and improving user flows for different user needs. Also worked on the web app.
- Built AI-backed internal dashboards for operations, network and doctor teams to support better decision-making.
- Led 0-to-1 policy onboarding experiences and corporate portals, reporting an 18% boost in enrollments and a 17% increase in operational efficiency.
- Created a custom data ecosystem linking users with health coaches for personalised coaching and live updates.
- Designed gamified campaigns (Stepathon and Wellness Saga) that reported a 30% increase in user engagement.
- Mentored UI/UX designers in problem-solving and design system management.

UI/UX Designer

Dec 2021 – Oct 2022

Affixious Consultancy · Noida

- Streamlined the train booking process and led the redesign of the flight booking feature for MyHolidays across web and mobile.
- Established and maintained design systems on Zeroheight to standardise component references for developer handoff.
- Worked with product managers and developers on booking flows and data-driven brand landing pages.

Web/Graphic Designer

Jan 2021 – Dec 2021

Kalyani Innerwear Pvt. Ltd. · Delhi, India

- Led rebranding and digital packaging for the Maashie brand, reporting a 20% increase in brand recognition and a 20% rise in online sales.
- Mentored junior designers and guided social media design strategy.
